- **[AlcoholEDU and Sexual Assault Prevention for Undergraduates](#)**

Villanova University seeks to foster and maintain a community of mutual respect and concern for all of its members. We consider an act of sexual assault, sexual harassment or other sexual misconduct a serious and significant violation of the terms of that community, and of the essential dignity of any member of it. These acts constitute the deepest affront to University standards and will not be tolerated in any form. At Villanova, we believe we have the responsibility to look out for each other and that starts with taking good care of ourselves. These courses will equip students with accurate information and opportunities to evaluate their own attitudes and behaviors with alcohol and in their relationships, and will invite them to make safe, responsible decisions for themselves and with each other. Click [here](#) for more information on this course.

- **[Diversity, Inclusion and Belonging Online Course for Students](#)**

At Villanova, we hold sacred a community that is inclusive and just. We seek to foster an environment that embraces diversity, strives to be equitable and grants an opportunity for all students to experience belongingness. Because of these beliefs, we ask every incoming student to pause and reflect on their own identities, knowledge and possible biases they might have through an online DEI course. Through this course, students will discover ways they might participate in nurturing a positive, life-giving environment supportive of all students and all identities.
